ORTHOPAEDIC PROCEEDINGS

Orthopaedic Proceedings contains abstracts of papers presented at recent scientific meetings organised by orthopaedic associations and specialist societies. Please note that this does not include posters. The purpose of the supplement is to disseminate new ideas with minimum delay throughout the world community of orthopaedic surgery.

The abstracts are prepared by the editorial secretaries of the participating societies and are sent to *The Bone & Joint Journal* as electronic files. They are published without further editorial amendment and we do not perform any post-publication corrections. It is the
